## 5 POWERS BUY NEW GUN.

New Automatic Machine Rifle Weighs Less and Works Longer.

London.—Messrs Vickers (Limited) have recently received orders for 1,000 of their new automatic rifle caliber gun, the governments adopting the weapon including five of the first-class powers of Europe.

The new Vickers rifle caliber automatic gun differs in many respects from the earlier types made by the company; it is lighter and therefore more mobile, while modifications have enabled the gun to continue firing for very much longer periods of time without becoming overheated.

The gun weighs only 27 pounds, as compared with 60 pounds in the case of the former service automatic rifle caliber gun, while with the necessary cooling water the weight is 36 pounds, against 68 and 75 pounds.

## SAGE TEA WILL 'DARKEN THE HAIR'

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

### WOMEN IN SIMPLE LIFE.

London Society Enrolls in Cooking Courses Arranged by Lady Escher.

London.—English society women appear to be tending toward the simpler life and are taking a growing interest in domestic science.

This movement is strikingly illustrated by an experiment just made by Lady Escher, whose son, the Hon. Oliver Brett, married Miss Heckscher of New York (Lady Escher) has arranged courses in cookery in which society women are eagerly enrolling themselves for daytime classes.

In addition, Lady Escher has successfully started a series of first aid and ambulance classes, where many titled women are among the students.

Another phase of the simple life movement is the latest fad to wear the hair loose during the day. Of course it suits only those women whose tresses are naturally luxuriant, but any way the custom is recom-

mended to those who wish to be up to date, young and healthy. The fad was started by a prominent society hostess residing in Scotland, who not only wore her hair down, but induced every woman in the house party to follow her example.

Among them were two young girls who became engaged during the house party, the betrothals being attributed to their charming natural coiffure.

Authorities in hair culture declare that the more loosely the hair is worn the better will be its condition.

### DEAD KINGS IN HIS CARDS.

Kaiser Designs a Pack of Pasteboards That Causes Much Comment.

Berlin.—Many of the crowned heads of Europe will hardly feel flattered by the action of the Kaiser in depicting the lineaments of themselves or their relatives on a pack of playing cards which he has designed.

The Queen of Hearts shows the portrait of Queen Victoria (who was the Kaiser's grand mother); the dowager queen of Italy is the queen of diamonds; the late Empress Elizabeth of Austria the queen of clubs, and the czarina the queen of spades.

Pope Leo XIII is the king of spades, the late King Humbert the king of diamonds, while the Kaiser

himself will appear as the king of hearts.

The Kaiser possibly expresses his opinion of statesmen by allotting the features of Bismarck, Gladstone, Crispien and Waldeck-Rousseau to the four knaves.

While to his partiality for actresses is attributed the delicate compliment of representing the four aces by the four prettiest actresses in Europe—whose names, however, have not yet been divulged.
